National InStore Digital

- We are a mobilize digital advertising network.
- We can place our digital kiosk network nationally, where you want it, when you need it.
- Targeting any market, city or zip code.
- This is the first digital advertising network of its kind.
- Let us bringing your advertising alive.
- Our Digital LCD kiosks are placed in local stores, where your consumers visit on a daily basis.
- We have various size digital kiosk screens to accommodate all programs and venues- units plays static & full motion in 1920*1080 resolution and can be updated daily.

National InStore Digital

- With our diverse network of venues, you can targeted consumers where they live, shop and get services
- Advertising programs can be tailored geographically, by retail locations or by ethnic groups.
- Digital LCD kiosks are placed in the highest traffic area of each venue and can also be placed strategically in-store for specific promotions.
- Digital LCD kiosks are monitored electronically, to insure that your campaign is running trouble free

Our Network

Provides consumer engagement by strategically placing digital LCD kiosk in retail locations throughout the United States.
